Darkwood Woodcarving Gary & Marie Crosby ©

2.5 meters tall by 2 meters wide
and carved out of 6 inch cedar.

Explore an alternate realm hidden between the layers of our reality. This realm of the Green Man can be best perceived through the lens of your imagination and embodies this vision of a vibrant universe of mythical creatures thriving in the backdrop of one of the most breathtaking locations on Earth. Let me guide you on this great adventure into the Green Man's world.
